

“A New Awakening In Your Lifestyle”

#1 Energy #2 Health #3 Cellular Protection

• Only GaiaThera's Nature's Gold Mix Is Uniquely Low Temp UltraMicronized For Smooth Easy Mixing And Fast Maximum Utilization!

What Makes Nature's Gold Mix Unique?

1. Seeds are Mother Earth's best nutritional storage system, containing up to 400 times more nutrients than plant material. The problem is that grains aren't easy to digest. Nature's Gold is made from synchronized sprouted barley and flax seed with a fermented portion for a mix of Pre-biotics.

2. Our barley seeds are organically grown and processed thereby providing a stabilized balance of metabolic enzymes that break down carbs and starches to take digestion from 5% to 95% providing nature's highest natural source of glutathione and other Amino acids.

3. Cereal grains are high in gluten.

Gluten is subdivided into “Good Gluten” and “Bad Gluten”. The utilization of synchronized G.E.M. (Germination Enhancement Method) provides a balance of numerous metabolic enzymes, minerals, vitamins, amino acids and antioxidants, that minimize gluten intolerance.

4. 80% of maladies start from unhealthy intestines. Nature's Gold Mix coupled with it's high natural glutathione content provides building blocks for the gut to heal.

5. This is not a drug, it's a food! When added to a daily routine, it continues to heal, maintain well being and increase metabolic energy and efficiency. “A New Awakening”

- Bountiful in trace minerals and pre-biotics

Instant Powder

Super Value Powder Equivalent of 1,816 Capsules At 250mg Each

SuperFood Powder 454g (16oz) 224 Spoons

• **RAMP UP** — This Is A Power Product with a natural ability to super nourish cells by living nutrients crowding out dead toxins.

Please treat your body with reverence and do not overload your detoxification organs by taking too much too fast.

Do not rush this process. Begin with 1/2 tsp per day, the first week.

Go to One tsp per day the second week.

Two tsp per day the third week.

Three tsp per day the fourth week.

Maintain 9 tps per day per 150 pounds body weight, increasing day by day to discover your own personal optimum amount.

Best taken with breakfast. Go for a booster serving in the afternoon or before exercise.

Shake into 8 to 12oz of good cool water and/or juice for a super juice cooler — or, in a blender add a banana, fruit and ice for a refreshing SuperSmoothie.

You can also stir it into your yogurt, your applesauce or cereal.

• **STORAGE:** Best within 6 months of opening. Travels well at room temp. Protect from light, moisture, oxygen, heat and time — your fridge/freezer door is ideal. Close bottle quickly.
